

## Sunshine Bus Presentation

We had so much fun with the Variety Club when we collected our brand new minibus.

We went to the beautiful Silvermere Golf Club and were treated to a drive around the course in a golf buggy. It was wet and bumpy but still lots of fun!

The students had a fantastic time. We had a really lovely lunch with staff and students from the two other schools collecting their mini-buses. Sinead and I were really proud of our students who were really sociable and polite towards everyone they met.

We would like to say a huge thank you to The Variety Club and Crest Nicholson South who have sponsored our new bus. Our mini buses are vital for extending our learning outside of the classroom into new and challenging environments. Without our minibuses we couldn't do the important work we do to prepare our wonderful students for adult life.

Lucy
